Dear Parents,

With the support of our parents and teacher, our 2016 Summer camp was a success and the children have never been so excited! Thanks to everyone!

The children worked so hard, and watching them doing arts/crafts activities was truly inspiring for all.

We also enjoyed “hands on” cooking experiences such as cookies and fudge making where the children engaged in mixing and blending ingredients together as well as practicing “turn taking”; which, as you know, for children can be quite a challenge. The goodies were later enjoyed for afternoon snack. Yummy!

We read several Eric Carle's books and the children enjoyed the pictures and many surprises in the story!
We also took our children on a scavenger hunt where the class was asked to find things learned during the week.

The highlight was going on series of fieldtrips where the children were encouraged to continue their curiosity and test out new things as they are out exploring the world around them.
So, to add the excitement in the classroom for the last week we had a mini Olympics theme. It was an opportunity for fun and games but most importantly, the activities were a celebration of friendship, unity and peace.
Our goal was to create an environment where your child can experience and learn creativity, cooperation, commitment and confidence which they are good at now.
Within all Summer Camp sessions that we had, the children learned to collaborate in hands on activities and expressed themselves in a variety of mediums including writing, mathematics, technology and their favorite music and movement.

It has been truly a pleasure to work with each and every child and I am looking forward to starting off our next year programs!

Sincerely,

Ms. Maria, Ms. Thuy and Ms. Nga
